

Happy New Year

Welcome back to school. I hope you all had a lovely Christmas and a well deserved break.

The children worked extremely hard last term and have come back with an excellent attitude to begin their new learning.

We have lots of new and exciting things to learn this term as well as brand new learning challenges and topics.

Spring Term 1
2022

In Science, we will answer the learning challenge question 'Will we ever send another human to the moon?' In this topic, we will explore Sun, Moon and Earth and look at past, present and future space travel.

This term we will also working like historians as we investigate our learning challenge question 'Were the Vikings always victorious and vicious? Through this question the children will explore where the Vikings came from, why they invaded and what they left behind.

In R.E., we will be studying Islam and discussing what we can learn about a local Muslim community.

Year 5

In Maths, we will begin the term by further developing our times tables knowledge which we will use throughout the topic of multiplication and division.

Year 6

In Maths, we will begin the term, like Year 5, by further developing our times tables knowledge which we will use throughout the topic of multiplication and division and then in fractions, decimals and percentages.

We will continue to use TT Rockstars and Freckle.

We will continue to develop our writing through the following texts.
