

Ludworth Primary School

Special Educational Needs and Disability (SEND) Policy

Executive Headteacher: Mrs Crosby

SENDCo (Special Educational Needs and Disabilities Co-ordinator): Mrs L Robinson

Chair of Governors: Liam Fellows

Definitions

For the purpose of this policy, Ludworth Primary School uses the definition of Special Educational Needs and Disabilities (SEND) as set out in the SEND Code of Practice: 0-25 Years (2015).

A child or young person has SEND if they have a learning difficulty or disability that calls for special educational provision to be made for them.

A child of compulsory school age or a young person has a learning difficulty or disability if they:

- Have significantly greater difficulty in learning than the majority of others of the same age; or
- Have a disability that prevents or hinders them from making use of educational facilities generally provided for others of the same age in mainstream schools.

Special educational provision is educational provision that is additional to or different from that made generally available for other children and young people of the same age.

High-quality adaptive teaching is the first step in responding to pupils who have or may have SEND. Some children and young people require additional provision beyond this to support their learning and development.

Rationale

Ludworth Primary School is an inclusive school where all pupils are valued, respected and supported to achieve their full potential.

We are committed to meeting the needs of pupils across the four broad areas of SEND:

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health (SEMH)
- Sensory and/or Physical Needs

We believe that all teachers are teachers of pupils with SEND and that meeting the needs of pupils with additional needs is a whole-school responsibility. Through effective partnership working between staff, pupils, parents, carers and external agencies, we strive to provide an inclusive learning environment where all children can succeed.

We place great value on the role of parents and carers. We recognise that they hold key information about their child and play a vital role in supporting their child's development. We aim to work collaboratively with families, ensuring they are involved in decision-making and are kept informed about progress, provision and next steps.

Aims

The aims of this policy are:

Identification of SEND

At Ludworth Primary School, we follow the graduated approach to identifying and supporting pupils with SEND.

Class teachers regularly assess pupil progress and identify children whose progress:

- Is significantly slower than that of their peers.
- Fails to match previous rates of progress.
- Does not close the attainment gap.
- Widens the attainment gap.

Identification may also arise from:

- Teacher observations.
- Assessment data.
- Parental concerns.
- External agency reports.
- Health professionals.
- Nursery and previous school information.
-

Slow progress and low attainment alone do not necessarily indicate SEND.

SEND Support

Where a pupil is identified as having SEND, they will be placed on the SEND Register at SEND Support.

Support will be planned through the graduated approach:

- **Assess:** Identifying strengths, needs and barriers to learning.
- **Plan:** Agreeing outcomes, strategies and provision.
- **Do:** Implementing agreed support and interventions.
- **Review:** Evaluating impact and agreeing next steps.

Support may include:

- Classroom adaptations.
- Personalised resources.
- Targeted interventions.
- Specialist programmes.
- Advice from external professionals.
- Access to the Inclusion Base.

Education, Health and Care Needs Assessment

Where a pupil continues to experience significant difficulties despite appropriate support and intervention, the school and parents may consider requesting an Education, Health and Care Needs Assessment.

Evidence may include:

- Support plans and review records.
- Assessment data.

- Intervention records.
- Advice from external agencies.
- Pupil views.
- Parent views.
- Costed provision maps.

Requests may be made by either the school or parents/carers.

Education, Health and Care Plans (EHCPs)

An EHCP outlines a pupil's identified needs, outcomes and provision. All pupils with an EHCP will:

- Have individual outcomes and provision specified.
- Receive support in line with their plan.
- Have provision monitored regularly.
- Receive a statutory Annual Review.

Parents, pupils and professionals will be involved in the review process.

Recording SEND

The SENDCo maintains a SEND Register which includes:

- Pupil name.
- Area(s) of need.
- SEND status.
- Involvement of external agencies.

Detailed SEND records are maintained securely and reviewed regularly.

Medical Needs

The school maintains an up-to-date Medical Register.

Where medical needs impact learning or access to education, appropriate support and reasonable adjustments will be implemented in partnership with parents and relevant professionals.

Individual Healthcare Plans will be developed where necessary.

Reviewing Progress

Class teachers review progress towards outcomes regularly.

Formal reviews are held three times each academic year for pupils with:

- EHCPs.
- SEN Support Plans.
- Specialist SEND provision.

These meetings provide opportunities to:

- Celebrate progress.

- Evaluate support.
- Discuss next steps.
- Update SEND documentation.

Annual Reviews

Annual Reviews are held for all pupils with an EHCP in accordance with statutory guidance.

Parents, pupils, school staff and external professionals are invited to contribute. Reviews consider:

- Progress towards outcomes.
